

# Surveillance Camera Housings & Accessories Linecard

## **Introduction**

Housings for security cameras provide protection to these valuable assets. Security camera housings are not limited to outdoor installations. Indoor housings for cameras installed within the buildings, warehouses, or even retail businesses are common.

Housings protect the cameras from environmental elements like dust, water, humidity and even damages from vandalism.

To select the right housing, it is fundamental to ensure the type of housings and the mounts is the correct fit for the purpose of application and also allowing flexibility before consideration of additional features.

Camera housings for all sizes of both Sony IP and Analog security cameras are available to support different needs of our customers and some are equipped with features such as heaters and/or blowers to manage tough environment conditions for outdoor applications.

Using this line card, you will be able to select the right housing for your Sony security camera. For more information, visit us at pro.sonyasia.com/security.

- Easy camera installation in an IP66 outdoor dome
- Offers IK-10 level protection for the SNC-EP/ER series cameras and WR series cameras.

Outdoor dome, UV protected

- Strong cast aluminium top and trim ring for IK10 rated protection
- Optically clear 118" (3mm) thick aspheric polycarbonate dome
- Thermostatically controlled 24VAC heater
- 24 Hour fan operation for effective heating and condensation protection
- Separate power input for H&B and camera power
- Pendant mount, 1½" NPT quick connect coupling

## UNI-OPL7C2

Outdoor, pressurized clear dome housing with 24VAC input and heater/blower

UNI-OPL7T2

Similar to UNI-OPL7T2, except with a tinted lower dome

1.15

## Features and Benefits

- Easy camera installation in an IP67 rated dome
- Designed to support the SNC-EP/ER Series cameras and WR Series cameras in outdoor installations
- Constructed of durable engineered plastic top, 94VO, with UV protected lower dome
- Cast aluminium pendant mount is standard .
- Includes both Schrader and pressure relief valves .
- Pressurized to 7psi, able to maintain pressure for 2-3 years .
- Optically clear. 118" (3mm) thick aspheric polycarbonate dome
- 24 Hour fan operation for effective heating and condensation protection
- Thermostatically controlled 24VAC heater
- Separate power input for H&B and camera power

## UNI-OSL7C2

Outdoor vandal resistant surface mount housing, clear dome, 24vac input, with H&B.

Outdoor Vandal

# UNI-OSL7T2

Similar to UNI-OSL7C2 except with a tinted lower dome

## Features and Benefits

- 7-inch vandal resistant rugged dome for easy installation and servicing from below ceiling.
- · Designed for Sony's EP/ER and WR series cameras.
- The camera can be mounted on either side of the fixed camera bracket.
- · Includes a decorative trim ring with quick-release pressure springs.
- Plenum rated metal top.
  - The product is available with a clear or tinted lower dome.

## UNI-IRBC3

Indoor Vandal-Resistant Fixed Camera Housing

## Features and Benefits

- · Meets NEMA type 4X standards.
- . IP66 rated for superior moisture and dirt ingress protection.
- Accommodates wide-angle lenses up to 135°. •
- Standard with hinged pass-thru wall / pole mount for easy installation. Hinged wall mount allows for easy installation. •
- .
- IK10 impact rated.

## UNI-ORBC2

Outdoor Vandal-Resistant Fixed Camera housing with feed-thru wall/pole mount, 24vac or 12vdc input, heater & blower and Sony sunshield

## Features and Benefits

- Meets NEMA type 4X standards.
- IP66 rated for superior moisture and dirt ingress protection. Power input of 24 VAC or 12 VDC with 24 VAC or 12 VDC output to the camera . • .
- Accommodates wide-angle lenses up to 135°. • •
- Standard with hinged pass-thru wall / pole mount for easy installation. IK10 impact rated. .
- Adjustable Sunshield.

## **UNI-OPBC2**

Pressurized tubular Vandal-Resistant Fixed Camera housing, with feed-thru wall/pole mount, 24vac or 12vdc input, heater & blower and sunshield

## Features and Benefits

- Powder coated aluminum and 316 stainless steel hardware. Pressurized IP67 rated for superior moisture and dirt ingress protection. .
- •
- Meets NEMA type 6P standards.
- •
- S-7psi pressure relief valve eliminates over pressurization. Schraeder valve to fill the housing with Nitrogen or another clean stable gas. Power input of 24VAC or 12 VDC with 24VAC or 12VDC output to the camera. • •
- PED compliant • • IK10 impact rated.
- Adjustable Sunshield.

## UNI-OPBC6

utdoor

Vandal

Pressurized tubular Vandal-Resistant Fixed Camera housing, with feed-thru wall/pole mount, heater & blower and sunshield; dynamic power allocation PoE input, 30 watt midspan included, supports .af PoE cameras

## Features and Benefits

- Meets NEMA type 6P and IP67 rated for superior moisture and dirt ingress protection.
- Supports PoE with Dynamic Power Allocation (DPA): Supports PoE Plus IEEE802.3at which powers the heater, blower, and camera.
- DPA ensures maximum power to the camera in all conditions.
- IK10 impact rated.

## UNI-OFL7C2

Outdoor Vandal resistant recessed dome housing for PTZ Camera with clear dome, 24vac input for camera and H&B

UNI-OFL7T2

Similar to UNI-OFL7C2 except with a tinted lower dome

## Features and Benefits

- Vandal resistant, heavy duty construction, rated to IK10 standards.
  Designed to be water and dust tight to IP66 standards.
- Plenum rated for fire resistant ceiling applications.
- Easy camera installation and servicing from below the ceiling or overhang.
- · Includes a decorative trim ring with safety lanyard and captive security fasteners.
- RoHS, WEEE, UL, CE compliant.

## UNI-XBB1/T

X Series black color mini bracket

## FPI-100

Single Port PoE injector(Midspan)

## Features and Benefits

- PoE backward Compatible
- Safe: Low Power Devices Receive Only the Power They Need
- Safe and Reliable Power to WLAN Access Points
- Automatic Detection and Protection of Non-standard Ethernet Terminals
- Supports 10/100/1000Base-T applications

## Technical Specifications

Standards	IEEE 802.3 10BaseT IEEE 802.3u 100BaseTX
Features	Number of Ports: 1 Ethernet Input (data only) Port 1 Ethernet Output (data + power) Port
Led Indicators	PoE: PoE load
Power Input	100-240 VAC, 50-60Hz
Pin Assignment and Polarity	4/5(+),7/8(-)
Power Output	52V/DC at Full 15.4 W Output Supported
Dimensions	87.9 mm x 51.3 mm x 166 mm
Weight	350 g
Operating Temperature	0 to 40°C
Storage Temperature	-20 to 85°C
Humidity	10 to 90% RH (non-condensing)

\* Except SNC-WR630/632/600/602

## FPI-9501

Single Port 60W hPoE injector only for SNC-WR630/SNC-WR632/SNC-WR600/SNC-WR602

## Features and Benefits

Single Port 60W hPoE injector only for SNC-WR630/SNC-WR632/SNC-WR600/SNC-WR602

Technical Specifications	
Standards	IEEE 802.11n IEEE 802.3at
Features	Number of Ports: 1 Ethernet Input (data only) Port 1 Ethernet Output (data + power) port
Power Input	110V AC - 240V AC
Power Output	54V AC - 57V AC
Weight	400g
Dimension	89.9mm x 43mm x 166mm
Operating Temperature	-10 °C to 45 °C
Storage Temperature	-20 °C to 70 °C
Humidity	Max 90%

## TA Series Camera & Housing, Compatibility Table

## Audio Accessories

## SCA-M30

The SCA-M30 is an in-ceiling/desktop microphone, designed to work with Security Network Cameras and encoders for indoor use.

- · Compatible with Sony Network Camera/Encoder
- · Clearly picks up sound
- Strong structure against external vibration
- Easy installation
- Input sensitivity can be selected

> 0.5mA and less φ3.5mm mini-plug (3poles)

Tip-Ring short connected

Approx.300 cm

φ126 X 55 mm Approx. 146g (Not included cable) Approx. 225g with Bracket (Not included cable)

Bracket(1), +BV 4 x 20(2), +K 2.6 x 20(3), Operating instruction(1), Warranty booklet(1)

## SCA-S30

The SCA-S30 is a highly durable speaker for outdoor environments. It is designed to work with Network cameras and encoders, It can generate loud sound by it's high efficiency digital amplifier.

## Features and Benefits

- Built-in high efficiency digital amplifier
  Seamless integration with Sony Network Camera/Encoder
- Reliable and durable in outdoor environments (IP66) ٠
- Easy Installation (wall/pole fixing)

Frequency response	100 Hz to 15,000Hz (at 5W output power)
Reference input level (at 1 kHz)	-10dBu (0dBu = 0.775Vrms)
Output	30W and more (AC24V, 1kHz -10dBu input)
Maximum Output	35W and more (AC24V, 1kHz input)
Input impedance	20kohm +/-20% (at 1kHz)
Distortion	Less than 1% (AC24V, 30W output at 1kHz)
Signal to Noise ratio	80dB and more (IEC179A weighted, 30W,1kHz)
Power supply	AC24 V +/- 10% 50Hz/60Hz
Power consumption	8W (AC24V, 1/8 output power)
Dimensions	φ150 x 245mm (included mount frame)
Mass	Approx. 2.4kg (included mount frame)
Operating temperature	0°C to 50°C
Storage temperature	-20°C to +60°C
Supplied accessories	Wire rope (1), +M4 x 16(1), Operating instruction(1), Warranty booklet(1)
